

SAVE A FAMILY PLAN

IN INDIA SINCE 1965

In her own words

Gracy

Gracy lives in India with her parents and daughter.

In partnership with Save A Family Plan donors, their lives were transformed when she started a small business to make candles and raise goats.

When you donate, you will partner directly with people like Gracy and her family

In Gracy's own words (translated):

“Your valuable assistance helped me to start a small business. In my difficult situation, you were the only person who appeared before me without expecting anything in return.

“Through this program, we came to know the local government programs and got partial support to build a small house. Income from the businesses helped me to provide good education to my daughter. I am happy to say that I reached a sustainable condition with your great generosity.”
